Asbury Theological Seminary Federal Student Financial Aid Cash Management Authorizations

New legislation/guidelines allow(s) for Federal Title IV student assistance funds (Federal Loans, Pell Grants, and Supplemental Grants) to automatically be credited ONLY toward tuition and fees plus on-campus housing/room, computer lab fee, maintenance and contracted campus dining plan charges. The guidelines additionally allow students to authorize Asbury Theological Seminary to credit Federal Title IV funds toward other student account charges, including discretionary charges such as health insurance, books, parking, late registration fees, etc.

Please review the authorization option which follows and indicate your choice/response; complete and sign the form where indicated and return it to the Financial Aid Office. Once an authorization is given, it will remain in effect for all periods of enrollment at Asbury Theological Seminary, but it can be revised/rescinded at any time by giving written notice to the Financial Aid Office.

(Note: Students who do not authorize Federal Title IV funds to be applied toward their discretionary expenses must pay for all discretionary expenses as they are incurred. Additionally, those students will not be financially cleared to attend classes until all expenses are actually paid in full or until acceptable payment arrangements have been made with the Business Office.)

I authorize the crediting of all Federal Title IV funds to my student account for both direct and discretionary charges. These charges include, but are not limited to direct costs (tuition, fees, on-campus housing, computer lab fee, maintenance and campus dining plans) and discretionary charges (health insurance, books, parking, late registration fees, etc.). Title IV funds received for one academic year cannot be used for a prior academic year's charges.
