Commuter Housing

(The rate for commuters enrolled in semester courses is 65% of the full-time rate on this sheet. Please see the Catalog and the "Short-Term Residence Hall Rates" sheet for additional details.)

** This amount will be charged to a student's bill only if they attend the fall session and the January session but do not enroll in the spring session OR they come in January and enroll in the spring session. This is a discounted charge and is in lieu of the regular, full monthly rate for a January session only resident. If a student begins in January but does not enroll in the spring session, their account will be assessed an additional charge for the difference between this rate and the regular, full monthly rate. A student who lives in the residence hall for both the fall and spring sessions of one academic year will not be assessed a January charge.

MEAL PLAN NOTE: Full-time residents must enroll in a residential meal plan for any session they are in a residence hall, including the number of weeks they are on campus during January. Dining Services does not operate during the summer.
